RE: DECEMBER 2019 QUARTERLY ACTIVITIES REPORT

The activities of AuKing Mining Limited (“AuKing” or “AKN”) during the three months to 31 December 2019 were as follows:

Acquisition Activities

On 30 September 2019, we advised that the Board of AKN was negotiating the contents of a binding term sheet relating to an Australian resource project. During the Quarter, various significant changes occurred to the term sheet counter-party which were completely beyond AKN’s control. At the present time, AKN continues to liaise with the party with a view to finalizing an agreed transaction. However, the AKN Board cannot be certain about the prospects of achieving this outcome or the timeframe involved in doing so. We continue to monitor the situation as well as contemplate potential alternative transaction options.

As previously advised, when AKN is successful in securing an agreed set of acquisition terms, those terms will involve a substantial transaction triggering Chapters 1, 2 and 11 of the ASX Listing Rules.

When the transaction is announced, AKN will then be required to carry out a significant capital raising, appoint a lead broker, secure shareholder approval for various aspects associated with the transaction, reconstitute the Board and complete the other re-compliance requirements of ASX.

Exploration Activities

No exploration was carried out by AKN during the period.
