The total of these subscriptions, including the underwriting, is 295,638,362 new shares, raising \$1,773,830.17 thereby resulting in a nil shortfall under the offer.

All shareholders that applied for additional shares (above their entitlement) will be allocated the shares that they applied for.

CYU Managing Director Paul Williams said that it was very pleasing to see the Offer well supported by existing shareholders. "Now that the Offer has closed, CYU will have more than \$2.3m in cash, be debt-free, has strong ongoing support from its new largest shareholder (the JCHX Group) and be well-placed to pursue its key strategic objective of securing copper and gold project opportunities in Africa and possibly Australia".
